Profile of Investment Managers

National Investment Trust Ltd. (NITL) is the first Asset Management Company of Pakistan, formed in 1962. NITL is the largest asset management company of Pakistan with approximately Rs. 73 billion assets under management. In order to cater to varied needs of investors, NITL for the very first time in the 48 years history of the company, ventured in to fixed income category by launching two Funds in the FY10. NIT Government Bond Fund, a very low risk product was launched in Nov. 2009 followed by NIT Income Fund which was introduced in Feb. 2010. With the launching of these two funds the family of Funds of NIT has increased to six funds including 3 equity Funds and 2 fixed income Funds. NIT's distribution network comprises of 22 NIT branches, various Authorized bank branches all over Pakistan and Arab Emirates Investment Bank (AEIB) in Dubai (UAE). The Board of Directors of NITL consists of representatives of leading financial institutions, prominent industrialists and nominee of Govt. of Pakistan. All Investment decisions are taken by the Investment Committee of NITL.

Fund Performance Review

The State Bank of Pakistan during the month announced its Monetary Policy and decided to maintain its key discount rate at 12%. The broad economic challenges, as highlighted by SBP, faced by the economy is the persistent inflationary pressures, volatile external account position, energy shortages resulting in below capacity industrial production, prevailing law and order situation and political uncertainty, low private sector growth and stubbornly high government borrowings which seems to stay present in the short to medium term. Consumer Price Index (CPI) increased over the previous month to 11.3% as against 10.8% mainly driven by increase in electricity tariffs and gas and fuel prices.

NIT Government Bond Fund (NIT GBF) yielded an annualized return of 9.69% for the month of April 2012 where as the annualized year to date return of fund stood at 9.60%.

On money market front, SBP conducted two T-Bill auctions during the month of April 2012. Cut off Yields at the end of the month remained unchanged at 11.8743% and 11.9420% for the 3 and 6 months respectively however the 12 month was rejected. Participation was predominantly witnessed in shorter tenor securities as opposed to longer securities.

The fund has currently invested around 85% of total assets in Govt. Securities, mainly comprising of Treasury Bills while the remaining is in the form of cash and other assets. NIT GBF has reduced its weighted average time to maturity for its portfolio from about 287 days to 229 days.
